

Trade College Offers Classes In English, Political Science

The opening of four new classes, the completed construction of a new basic physics laboratory containing \$12,000 worth of equipment, and the consideration of two new curriculums was announced this week by administrators of Los Angeles Trade-Technical College, one of the seven Los Angeles public junior colleges.

The four new classes to be added to the college's Fall schedule of courses for the Academic Department are in the areas of English, history, and political science.

The first class, "The World's Great Religions," to be given on Mondays from 2:30 to 4:30 p.m., will concentrate on giving and understanding of the historical development of various faiths and their contribution to the world cultural heritage.

"Principles of Student Leadership" is the title of a new political science course to be given on Thursdays from 3:30 to 4:30 p.m. Created and designed on the suggestions of the students, it will center on the learning of the elements of group leadership and group dynamics and parliamentary law and procedure.

Those enrolling for the course will also be taught how to conduct meetings and group discussions.

In the field of English, "Report Writing" will be offered for the first time on Monday, Wednesday, and Fridays from 1:30 to 2:30, and "Speed Reading" will be held on Monday, Wednesday, and Fridays from 2:30 to 3:30 p.m.

The former will offer instruction in writing actual reports used in business, industry, and the technical professions, while the latter will concentrate on word-building and vocabulary recognition with special attention placed on words used in the various technology fields.

Registration for the new classes is currently being conducted at the college's Guidance Center, located in the East wing of the Administration Building at 400 West Washington Blvd., from 8 a.m. to 4:30 p.m. Further information on the new classes

or registration procedures can be obtained by calling RI 9-7021, Ext. 220.

The new basic physics lab, constructed on the second floor of the Administration Building on the college's main campus, will be used for lectures and practical demonstrations by various departments in the school including drafting, metallurgy, and auto mechanics.

Among the \$12,000 worth of equipment house in the lab are charts, an interval contact maker, stroboscopes, a tachometer, wire testing machines, accelerator apparatus, a motor-driven rotator, gyroscopes, a manometer, a hydraulic press, various meters and other equipment.

AFS Student Staying With Marvin Fulton

Marvin Fulton, liquor director for Food Giant Markets, Inc., will be host to Salvador Gispert, 17, from Oliva, Spain, for one year.

As part of the American Field Service Plan, Salvador will live with the Fulton family and share school and extra-curricular activities with the Fultons' son, Terry.

Salvador will learn first hand how an American boy lives. He'll discover baseball, football, hot-dogs and ice cream cones as well as cars—because in Spain, a car is a rarity.

Fulton has been a boy scout leader for many years and his son Terry is an eagle scout.

Fulton explained that his son was also supposed to live in Europe for a year as part of the American Field Service Exchange Student Plan, but due to unforeseen circumstances will remain at home.

Volunteers For Campaign

Volunteer workers are needed now to assist in community health programs, hospital service, and in preparing the annual Christmas Seal Campaign mail by the Tuberculosis and Health Association of Los Angeles County.

Mrs. Harold Tegart, chairman of the Christmas Seal association's volunteer services advisory committee, said that names are now being added to the volunteer register of the organization and that help is needed in many areas of program activity.

Association volunteers serve in community chest X-ray programs, assist in research projects, visit patients on chest illness wards of hospitals, and work at association headquarters preparing the annual Christmas Seal mailing, she said.

The pioneer volunteer health agency in our community needs volunteer workers now," Mrs. Tegart said. "Any person who can give their time for this effort can obtain more information from the association at 1670 Beverly Blvd., Los Angeles 26, or by calling the volunteer services coordinator at DUNKIRK 8-3401.

Institute Plans Special Series

Understanding Ourselves and Others is the title of a new series to be given at The American Institute of Family Relations, 5287 Sunset Boulevard, Los Angeles 27, beginning Wednesday, Sept. 20, from 7:30 to 9 p.m., and continuing through Oct. 18.

Replacing a former course entitled Your Social Effectiveness, these five informal lectures and discussions are designed to help men and women increase their personal and social effectiveness by discovering the answers to such questions as how to meet and enjoy people, how to handle tensions, what being "emotionally mature" really means, and the difference between introverts and extraverts.

For further information, and to reserve a place in the group, write or telephone the institute, HO 5-5131.

WOMEN

Young and young at heart. Do you have the desire to be proficient in a field that has, with far too few exceptions, been dominated by men? If so, why not take a course in typing? It's fun, exciting and extremely relaxing. It can, with additional effort, be used in a commercial manner. You will find that a whole new social area has opened up to you. For additional information and a free trial lesson please call at your earliest convenience.
